Discuss Wright's Novel.

Harold Dan Wright's "The Calling of Dan Matthews" will be discussed at the Rev. Hugh H. Harris, pastor of Wesley Memorial church, at 10 o'clock today. In the morning the pastor will preach on the subject. The face of

Sewing Circle With Much Whispering

Before the stock arrives there is much to talk about. The comfort of the expectant mother is the chief topic. And there is sure to be someone who has used or knows of that splendid external help, "Mother's Friend," which is applied to the abdominal muscles, gently rubbed in and has a most pronounced effect as a lubricant. It soothes the network of nerves, enables the muscles to expand naturally, relieves strain on the ligaments and thus sets at ease any undue strain on the organs involved. And it does this with perfect safety. Expectant mothers thus go through the ordeal with comparative ease and comfort. Knowing mothers who have used "Mother's Friend" speak in glowing terms of the absence of morning sickness, freedom from strain on the ligaments and a freedom from many other distresses.

AUSTRIANS ATTACK ITALIAN TROOPS

Battle in Progress Near Mori and Rovereto—Hungarian Force Cut to Pieces by Italians.

LONDON, June 18.—(By dispatches from the Italian front) The Austrians have thrown their crack regiments to take the place of customs guards and soldiers of the landwehr. On the Tyrol front the Austrians in the vicinity of Mori and Rovereto have taken the offensive against the Italians. A battle in that region is in progress. Vienna reports that heavy losses were inflicted on the Italians near Mori and Rovereto on the Adriatic front. It is added that the Italian forces in the Arco valley met with little success.

The Austrians have bombarded the Italian towns of Pesaro and Rimini and also a section of the coast railway near Fano and Pesaro on the Adriatic. Rome reports that three civilians were slightly injured at Rimini.

AUSTRIAN FORCES TAKE OFFENSIVE.

Verona, June 18.—(Via Chiasso to Paris) The Austrians have now strengthened their forces that they are taking the offensive both from Mori and Rovereto against the Italians, who are camping at Brentonico, which lies at the foot of Mount Adamello, at Serravalle, situated in the Lagarina valley, and also in the Arco valley. The result of the fighting is still in doubt.

Vienna, June 18.—(Via Chiasso to Paris) Reports from all the fronts show that strong German line troops, especially the emperor's own troops, Croats, Bohemians and Hungarians, have been substituted for the Austrian gendarmes, customs guards and soldiers of the landwehr.

THE CONSTITUTION, ATLANTA, GA., SATURDAY, JUNE 19, 1915.

BOULEFET RETURNS "AFTER STAY IN LONDON"

Clerk of Lower House Learned of Bryan's Resignation While on Board Ship.

Let the legislature now meet and proceed!

Colonel John T. Bouleffet, for many years clerk of the lower house of the general assembly, is back from Europe and ready for business at home.

He registered at the Kimball house Friday, and is feeling fine, thank you, and looking the same as ever.

Colonel Bouleffet, who has been serving as attaché, by special appointment of former Secretary of State William Jennings Bryan, to the American embassy in London, sailed from Liverpool June 5 on the American steamer "St. Paul" and arrived New York last Monday. Except for a few days' stop on business at the state apartment in Washington, Colonel Bouleffet came directly to Atlanta.

Nothing to say on Bryan.

Colonel Bouleffet declined to discuss the resignation of Secretary Bryan or the issue between the country and belligerent European powers at length Friday, but indicated that he might be able to do so later.

The sinking of the Lusitania, he believed, is the first real waking up that England has had.

Colonel Bouleffet was congratulated by the staff tonight at his residence in Atlanta and from about the state Friday.

Of great interest to Georgia is the announcement that Colonel Bouleffet has been asked by the state department to return to London after the adjournment of the Georgia legislature.

Colonel Bouleffet accepted the appointment to Ambassador Page's post only on condition that he would be allowed to return to Georgia after the adjournment of the Georgia legislature.

He is eminently fitted for such service, say his friends through his experience as secretary to the late Hon. W. A. Ransom, who was chairman of the United States senate committee on foreign relations. He has not yet decided what he will do.

Colonel Bouleffet declared that his stay in England had been most pleasant and instructive.

"I had opportunity to see the real effects of the war at much closer range than in England."

The return trip of Colonel Bouleffet across the Atlantic was fraught with much interest.

The St. Paul, upon which he sailed, is an American boat. She carried every passenger for which she had accommodations.

Colonel Bouleffet said that he saw 800 passengers aboard, who, with the crew, made a total of some 1,300 souls.

Unexpectedly to any of the passengers, Colonel E. M. House, confidential secretary to the president in London, boarded the boat and returned to the United States.

There was great speculation as to his sudden mission. Colonel House was the arrival of two British torpedo boat destroyers, along with the St. Paul, which the set and these boats accompanied the St. Paul through the war zone.

This is the first time that such a thing had happened since any American vessel, said Colonel Bouleffet, and this move remains a mystery.

The commanders of the torpedo boat destroyers, which were sent to accompany the St. Paul, were sent suddenly upon secret orders from the British admiralty to that effect.

Colonel Bouleffet said that he saw no submarines while he was crossing the Atlantic, although there was a rumor aboard the boat that declared that on board the St. Paul he saw one.

Colonel Bouleffet was twelve survivors from the Lusitania, who were centers of the majority of these had lost relatives in the wreck.

On the night of Secretary Bryan's resignation, Colonel House received a message informing him of the resignation. He immediately informed Colonel Bouleffet and Colonel House, and for two days these were the only ones who knew of the resignation.

When the St. Paul was in New York, Colonel House, collector of the Port of New York, the vessel upon a revenue cutter, and was accompanied by the son of Colonel House. Colonel House was taken aboard the cutter the St. Paul, while his son boarded the "Albatross."

"Albatross," said Colonel Bouleffet, "I had a most interesting trip. I am glad to be back in Georgia again, and I am particularly glad that I am back in time for the legislature, as I had promised to be."

PLANS ARE BEING DRAWN FOR NEW MACON STATION

Macon, Ga., June 18.—(Special)—President W. A. Winburn, of the Central of Georgia railway, who is in Macon today, stated that the plans for a new union passenger station, to be erected at Fifth and Cherry streets, were now under the consideration of Long, New York architects, and will be submitted to the railroad commission by September 1, that being the final limit fixed by the commission in an order to the railroad.

Several preliminary plans have been submitted from time to time, and the plans now being drawn are the ones which have received the approval of the mayor and council and the railroad commission. The sketches called for a million-dollar station.

With a Full Corps of Experienced Teachers, Large Number of Typewriting Machines, and the Best Systems of Shorthand and Bookkeeping Known to the World, the Southern Business College Stands as Pre-eminently the Leader of Commercial Education in the South.

Business men, in need of efficient help, apply to the Southern first. They know that the best systems of shorthand and bookkeeping in existence are taught by a large corps of professional stenographers and bookkeepers at this old established Business College.

Several years ago the managers of the Southern Shorthand and Business University, in their earnest solicitation of its pupils, carefully selected the Pitman system of shorthand. This system of shorthand has long been known as the best in the world.

MISS MAUDE FARNESTOCK, Graduate of the Southern Shorthand and Business University.

True, there are some Charter stenographers holding positions, but they have good memories, write unaided, learn in longhand, and continually call upon the dictators for help.

FACTS ARE WHAT THE PEOPLE WANT. Investigate, young men, young women, before taking up the study of shorthand. Learn the best or none at all.

Ask Atlanta's business men about the stenographers they employ. They will tell you that the Southern Shorthand and Business University is the best place to learn shorthand.

Learn the good and tried Pitman shorthand at the old established Southern Shorthand and Business University, with its experienced and expert teachers.

The Southern is in receipt of a letter from Miss Maude Farnestock, of Wall-halla, S. C., who finished the full course and now has a position awaiting her in that city.

"Please send me your catalog to show me the friend of mine who is going to attend a Business school, for I am sure to find a better school than the one I have been attending."

"I have a position open for me in Atlanta, S. C., where our family will move soon."

If a pupil who enters the Southern is not benefited after a reasonable time, it is not capable of holding its position, for his or her fault and not the teachers', for special attention is shown to all pupils from each institution.

Summer rates now in effect. Call, phone, or write for catalogue.

WILL DECIDE PAVING FOR PONCE DE LEON

Atlanta Concern Claims Right Under Contract to Supply the Wood Block.

When the street committee of general council Friday opened bids for material for the proposed Ponce de Leon paving, J. N. Meek, representative of the Southern Wood Block Preserving company, an Atlanta concern, objected on the grounds that bids had not been legally asked for and that he had not been given an opportunity to file a bid.

Recently the city awarded a contract to the Atlanta concern for Grant street paving with wood block, and by ordinance agreed to the contract of the company to purchase blocks for repairs and other purposes during the ensuing year at the rate of \$1.30 per square yard.

When bids were opened Friday it developed that two other concerns had bids in cheaper than \$1.30. The Southern Paving and Construction company, represented by Shelby Smith, filed a bid offering to furnish 3-inch block at \$1.22 per square yard, and the Colonial Paving company, of Charleston, S. C., filed a bid of \$1.24. The Republic Paving company, of Mobile, Ala., put in a bid of \$1.24.

Mr. Meek contended that none of these concerns had been required to furnish a certified check nor give bond, nor had any legal notice been given of the opening of bids during the day.

The companies offering to do the work would not submit bids cheaper than the local company if they were required to furnish bonds and put up the certified check.

Alderman Edgar Dunlap said it appeared that the general council had made a blanket contract with the Atlanta company to furnish wood block for the entire year and give them a monopoly. He said this was done without his knowledge and that it would prejudice him against wood block for any of the streets.

The bids, however, were opened and referred to the construction department to tabulate and submit tonight to a meeting of property owners abutting on Ponce de Leon avenue, so they might agree on the material for the paving by knowing just how much the cost would be. The job covers about 5,500 square yards.

Two Drinks of Booze

Mixed With Medicine Too Much for Born

J. P. Born, the policeman who ran amuck Wednesday night on Decatur street after he had taken a little too much booze, was tried in the police court yesterday afternoon and fined \$10.

He pleaded guilty and said he mixed two drinks of whisky with some medicine and was doped. He asked for clemency.

Recorder Johnson said he would make the fine light, as the officer had to stand trial before the police commission.

On the Unique Basis "Pay If You Want To"

You want to ride with Casey, if you like a "jitney" better than a trolley. W. C. Casey was before the recorder yesterday afternoon on the charge of running a "jitney" without a license. His defense was that he was not running a "jitney" for any pay.

"You ride passengers for nothing," the recorder asked him.

"Yes," was the reply. "I operate like the movies do, on Sunday, I hand around my hat and let my passengers pay what they wish. If they want to ride free they can do so."

Casey was fined \$2.75 and told to get out a license or suspend his hands around-the-hat business.

"HOP BACK" CAUSES ATTEMPT TO ESCAPE

It was on account of the "hop-back" that Bill Farrow, negro city convict, made his escape yesterday morning.

Farrow was caught before he had gone far, and was arraigned in the police court in the afternoon for running away.

The prisoner had served 25 of his 30 days," stated a stockade boss.

"I don't see why he ran away under such circumstances," remarked the recorder.

"It was the hop-back," the boss explained.

"The hop-back" asked the recorder, puzzled.

"Yes," was the reply. He was sent to the city chain gang for 30 days and marked return for state charges. That was the hop-back."

Farrow was given an additional 30 days and will take the hop-back later on.

BARROW COUNTY BOARD AGREES ON HIGHWAY

Question of Routing of Two Divisions of Dixie Highway is Unanimously Agreed to.

A delegation of about fifty citizens of Barrow county assembled yesterday at noon in the office of Clark Howell, in the Constitution building, for the purpose of settling the matter of the routing of the Dixie highway between Adairsville and Cartersville.

Under the regulation of the Dixie Highway association, wherever there is a contest as to location between any two points in the same county the decision is left to the county authority in charge of road building.

The Dixie highway commission located the western division from Rome to Kingston and from there to Cartersville, so that there was no other question.

Showing how the western division from Rome and the eastern division from Dalton unite near the P. O. on way to Cartersville.

alternative than that the western route must pass through Kingston. The eastern division was located from Adairsville to Cartersville, without specifying the route.

Kingston claimed that it should come from Adairsville to Kingston, uniting the eastern and western divisions at that point.

Cassville, the old county seat of Barrow, contended that it should come straight from Adairsville through Cassville, to Cartersville, which would save 5 miles in distance than if the eastern division united with the western at Kingston.

The board of commissioners of Barrow county attended the hearing yesterday in Mr. Howell's office. After having had the matter of the location of the two routes under consideration in Cartersville a week ago they found it impossible to agree, and by unanimous vote at that time the commissioners agreed to refer the settlement of the whole question to Messrs. Howell and Anderson, the two state Dixie highway commissioners.

Mr. Anderson, however, could not attend yesterday's meeting, authorizing Mr. Howell, his associate, to represent him.

An interesting discussion.

At yesterday's meeting representatives of the eastern division from every county south of Chattanooga, Ga., stated that the route be established from Adairsville via Cassville to Cartersville.

Mr. Lewis Gaines, long a resident of and a large property owner in Kingston, declared that if his personal interests were consulted he would favor Kingston as the point where the eastern and western routes should unite.

Mr. Howell, however, realized that the arguments in favor of locating the eastern division by the direct route, of Cartersville, took the same position, making the plea that the public road of Cassville was practically the only thing left after the civil war, of that was one of the most beautiful towns in north Georgia, and arguing that with the inauguration of the Dixie highway, it would be placed in a position where it could resume its former activities.

Mr. Barrett, of Kingston, heading a committee from that enterprise, declared that he would favor the two highways at Kingston, declaring that the people had already raised enough money to eliminate several miles between Kingston and Adairsville.

Commissioners Unanimously Agree.

Several other objections were made, after which the Cobb county commissioners went into the conference with Mr. Howell, and a unanimous agreement was reached by which the western division will approach Cartersville from Dalton, and the one from Cassville east, via Kingston to Rome, should be given identically the same treatment—that one should be put and kept in the same condition as the other and that work along the two routes should proceed practically simultaneously.

They guaranteed that this should be done in good faith.

The routes as above selected on the unanimous action of the commission were chosen at the suggestion of Dr. Baker, of Cartersville, one of the most distinguished citizens of the county and a master builder of good roads, in which suggestion he was heartily joined by his associate commissioners, Messrs. Adams, Bradford and McTier.

Mr. Howell accordingly made an announcement of the settlement of the question, and the various delegates from Barrow county returned to their homes yesterday afternoon in full harmony and high spirits, that the county commissioners of Barrow county had gotten together in united action.

Dr. J. H. Schutte, of Columbus, is designated as member of the state board of health.

Big Supply of Cocaine Found in This House And Owner Arrested

Little Murphy, who rooms at 11 Courtland street, was before the recorder yesterday afternoon on the charge of having too much cocaine on hand for any one person to safely utilize.

Officer Blazer stated that he went to Little's apartment on a report that she was selling cocaine.

"I found forty-two boxes empty and twenty-two boxes full," he said, "and the whole floor of the room was covered with a white dust that proved to be cocaine. The woman has simply been living in a cloud of the drug."

The woman, who appeared to be a physical wreck from the use of the drug, was sent to the stockade for thirty days by the recorder so she could be treated for the drug habit by the city physician.

MASS-MEETING MEN ONLY

AT THE GRAND TOMORROW SUNDAY, 3:30 P. M.

CALLED BY FORTY-SEVEN MINISTERS OF ATLANTA

TO CONSIDER TWO HUNDRED FORTY DEALERS DOING BUSINESS AS SALOONS AND LOCKER-CLUBS IN THE CAPITAL OF GEORGIA

FRONT PAGE articles in Atlanta papers of Thursday and Friday emphasize the need for clear thinking.

ONE SAYS:

"An Atlanta policeman, crazed BY DRINK, it is claimed, went on a wild rampage in front of the police station—

"Born is one of the officers who was recently made a member of the police force against the wishes of Chief BEAVERS.—For the first time in its history, the BOARD excluded the chief of police from its meeting and in executive session put Born on the force with two other policemen."

You will recall—

All of them had been discharged for drunkenness or worse.

INTERESTING as showing the methods of the Police Board for promoting the efficiency of the Police Force of Atlanta.

The SAME PAPER on the same page had this:

"She had been to the OWLS' DANCE—

"Lawrence witnessed her effort to kill herself and slapped part of the poison tablets from her lips—

"It is not thought that she will recover."

You will recall—

BEFORE THE DOOR OF THE OWLS' CLUB a young man was shot to death.

Is it not time to call a halt?

Should mothers be required to bargain with club managers for the protection of their girls?

Should Chairman Johnson, of the Police Committee of Council, and a member of the POLICE BOARD, give as the reason for his committee's action, in recommending to COUNCIL the licensing of LOCKER-CLUBS, the failure of the police to make cases, when the COMMITTEE knows each locker-club holds a United States liquor license prima facie EVIDENCE of guilt?

How long must Atlanta endure this situation?

SHOULD THE MAYOR AND COUNCIL LICENSE MEN, WHO HAVE BROKEN THE LAW, TO BREAK THE LAW AGAIN?

Tomorrow come to the Grand and answer, not as we say, but as your conscience dictates.

THE EXECUTIVE COMMITTEE.

FRIDAY'S paper pictures a meeting of the POLICE COMMITTEE of Council considering applications from 155 saloons and 20 locker-clubs; it says:

"Of the 20 applications for locker-club permits only one was turned down, that of the Greek-American—

"Chairman EDWIN JOHNSON, of the police committee, said that he believed that some of the clubs were not being operated up to the law, BUT that so long as the police made no cases against them—

"THE APPLICATIONS were unanimously passed by the committee as rapidly as they could be stamped—

"Councilman Renfro announced—

"He would introduce an ordinance prohibiting girls and young women in the locker-clubs after their mothers have made a formal protest against it. He said that mothers could notify the club management and that it could be easily handled.

"Said Mr. Renfro: 'I do know that young girls GO INTO THESE CLUBS against their mother's wishes and it ought to be stopped.'"

Nelson Whitney Plays Charlie Dexter For Southern Golf Title on Saturday; Play Off the Medal Tie on Sunday

PLAY OFF MEDAL TIE SUNDAY AT 3 O'CLOCK
Mr. Dexter and Mr. Whitney will play off their tie for the low qualifying score prize, Sunday afternoon at 3 o'clock, with an 18-hole medal round starting at this time. This was announced last night after a conference between the tournament officials and the two contestants.

Nelson Whitney, of New Orleans, and C. L. Dexter, of Dallas, Texas, will contest in the thirty-six hole final at East Lake today, for the fourteenth Southern Golf association championship.

They came to the final by winning their semi-final matches Friday. Mr. Dexter disposing of Perry Adair, the 17-year-old Atlanta crack, while Mr. Whitney won from his teammate, Russell Bush.

This will be the seventh time that Mr. Whitney has had a crack at the southern title, which he now holds.

Four times he has been returned Southern champion, while on two other occasions he was runner-up. This is the first real championship affair that Mr. Dexter has entered. He has not been playing golf but a brief while, but his progress has been so rapid that he is not already considered as a developing into one of the south's very best.

Incidentally, Mr. Dexter is a near relative of George J. Dexter, an Atlanta insurance man, is a brother of Mr. Dexter's father.

Start at 10 o'clock.
The start on the morning round will be made at 10 o'clock, and the afternoon round at 2 o'clock.

noon round will begin about 3. A gallery numbering over 300 followed the Dexter-Adair match Friday afternoon, and it is safe to predict that there will be a large crowd today.

The prospects of the two contestants are naturally the sole topics of discussion among the golfers of the city. Mr. Whitney, playing his best, careful game, with the more experience that he possesses, is naturally the favorite, but after the splendid golf that Mr. Dexter showed in the afternoon round after the turn, he earned many supporters. There will be little to choose between the two men of the tee, and on one second shots. If there is any margin to be given to Whitney, it will be in the short approaches and on the greens, but playing in the same vein with Mr. Whitney, Mr. Dexter will give the champion considerable of a battle before submitting himself.

No two color contestants could have been selected from the large field. They play a careful, steady game, judging each shot cautiously before playing.

The Play Friday.
At the end of the morning round in the Adair-Dexter match, the latter was one down, and the former was one up. Mr. Dexter won the third, and the fourth was halved. The fifth and sixth were won by Mr. Dexter, making him three up.

Here the Atlanta youngster showed his gameness, rallying under fire, winning the seventh, which Mr. Dexter missed up horribly, and making a perfect hole on eight for a 3. The ninth was squared and they turned.

Mr. Dexter won the tenth, and the eleventh was halved. The twelfth went to Mr. Dexter, while on thirteen young Adair showed a splendid recovery and got a half out of what seemed to be a sure loss. He lost the fourteenth and was down four. The match ended on the fifteenth.

Mr. Whitney, at the end of the first nine holes in the morning, was 5 up on Mr. Bush, and at the end of the morning round Mr. Whitney had gained as many on his teammate. With this status existing, Mr. Bush, seeing the possibility of further play, conceded the match to the afternoon round without playing the afternoon round.

Defeats Brother in South Atlantic Finals, and With Orr Also Wins the Doubles.

Short Hills, N. J., June 18.—For the second time in the history of the United States Golf association, the national open championship was won by a local player, Jerome D. Travers, who began yesterday and ended today with 27 strokes.

Travers has won four national amateur and professional titles, and several other important golf championships, but his heart's desire was gratified when he added the open to his list of victories.

The winner won his honors cleverly from a field of 140 of the best professionals and leading amateur golfers in this country. The competition was international in character, although the European war had prevented Vardon, Hagen, and other great names from coming to take part.

Louis Taylor, a French open champion, and A. J. Henderson, of Scotland, were among the best. Hamilton, Ontario, were among the best. Hamilton, Ontario, were among the best.

Travers played steadily all through the day, and he had a hard time to keep his nerves from shaking. He was forced to play a very close game, and he was forced to play a very close game.

Crackers Stage Hectic Rally in Eighth Which Fell One Short—Game Was Exciting.

By Carl Taylor.

The Gulls annexed the fourth game of the series from the Crackers Friday afternoon by the count of 3 to 1, the game being exciting and thrilling throughout.

Frank Hunt, whom the locals secured from Mercer, made his debut, but after walking seven men in two innings, giving the Gulls three runs, he was yanked by Manager Hunt, and Hiett substituted. Hunt seemed to be suffering from stage fright. This was his first try at professional ball, and while he seemed to have his fast one, he was unable to control it, and appeared very nervous. However, he allowed only two hits, both of which were singles, and the Gulls were left with a six-run lead, the locals staged a pretty rally, and with two men down counted four runs. At this juncture, Manager Schmidt yanked Hunt and brought Bill Townsend into the field. With one out, Hiett pitched, and Hunt Kauffman, filling the sack, hit Hiett Kauffman failed to deliver in the pinch, and fanned. "A weak Texas League" would have won the game for the locals.

The Gulls played good ball, and with the exception of the second and eighth rounds, Hogg pitched winning ball. His control was good, and whenever the locals threatened to become dangerous, he would invariably lighten, and although the Crackers had several excellent chances, he held them scoreless in all except the two innings mentioned.

Lindy Hiett, who was substituted for Hunt, held the Gulls well in check until the sixth inning, and then with a wild throw for the strike, Hiett fanning enabled the Gulls to tally four runs. This was the only inning that the Gulls were able to solve the delivery of Hiett successfully. Several times he got into bad holes, but none of them resulted disastrously. Bill Rumlir was forced to retire from the game in the sixth inning. Morning's throw to the plate to catch Miller hit right in front of the Crackers' big catcher, and bounced up, hitting him in the face. He stuck the innings out, but had to retire after Mobile had been put out.

Charles Schmidt, who was the hitting star of the game, getting three hits, and four runs, to the platter, one of which went for two bags. Billy Lee's two-base wallop to the left in left field with the bags loaded was the sixth was the better feature of the game from the Crackers' standpoint. Lee had previously been fanned by Hogg twice, Hogg making him sit on slow outs, and his hit, clearing the sacks, came as a pleasant surprise.

The Gulls' runs came in the first, second and seventh. In the first they counted one, while three were made in the second. These runs were all due to the wildness of Hunt. In the seventh, they counted four, getting four safe runs in a row, and aided by a wild throw at the wrong time by Manning.

The Crackers' runs came in the second, seventh and eighth. Two were made in the second, on a triple, a base on balls and a single. In the seventh a single and a double counted the one run, while the runs in the eighth were made on opportune hitting, and an error by Bohard that was "extremely helpful. If Beland had only popped him over short for a single, but then that is the same old story of it.

Eddie McDonald Leaves Home in Albany Today To Join the Crackers

Eddie McDonald, who courted with the Birmingham Barons on their championship nine at the hot corner last season, will leave his home in Albany, N. Y., today, to join the Crackers. He will report in time for Monday's game with his former team-mates.

Since the announcement that McDonald would report has been made, Larry Korffagen has been playing splendid ball at the hot corner, for the locals, and hitting well also. What location Manager Smith will make of him when McDonald arrives is not known.

Long's Peak in Colorado

What? You say you've seen Colorado in one visit?

Preposterous!—it can't be done. Why, the Rockies will reveal more charms on your second, third, fourth, fifth visits than you ever dreamed were there on your first. Go again—this summer.

Unusually low fares via Frisco Lines to Colorado and to California

This, of all years, is the one time to go west; for added to the goal of Colorado is that of California and her wonderful world's fairs. Never again will two such opportunity trips come in combination; at such extraordinarily low fares.

Thru sleeper service to Colorado

via Frisco Lines, the cool short-cut route by way of Memphis and over the Ozark hills. Electric lighted Pullman sleepers thru from Jacksonville, Atlanta, Birmingham and Memphis to Denver—the natural point of stop-over for coastbound tourists. All steel chair cars and dining cars (Fred Harvey service).
